## GOLF AND GOLF SCHOOLS

Budock Vean, with its spectacular parkland golf course and award-winning gardens, is set in an area of outstanding natural beauty on the south-facing bank of the Helford River. This delightful course is playable throughout the year, such is the equanimity of the climate in this most southerly part of the British Isles. Budock Vean is delighted to be hosting the following events in association with David Short Golf Schools:

### Golf Schools

Three and four day schools include instruction on all parts of the game, on-course instruction and course management, the psychology of playing to your potential and much more.

### Tuition Breaks

Less intensive than the school with three sessions (3 hours each) covering each department of the game, leaving more time for other activities. The instruction will take place at Budock Vean & Killiow Park Golf Course where there is a driving range, short game practice areas and three academy holes.

### The Competition Week

Incorporating four local courses.

### Winter Workshops

A minimum 4 days stay and free tuition

## DAVID SHORT P.G.A. PROFESSIONAL

David Short has been operating Golf Schools from Budock Vean for many years. He strongly believes that spending several days immersed in a learning environment with others of a like-mind is the best way to learn, improve or regain your game. The 1994 Golf Monthly survey voted David's residential golf school in the UK's top three. In 1995 his school was chosen to be featured on the BBC Holiday Programme and more recently in The Mail on Sunday. We are very pleased to have David running these events at Budock Vean again this year. The combination of expert tuition within a friendly social framework, is central to David's philosophy that these golf breaks should be both totally professional and socially rewarding... and they are!
